## OUR MISSION

- Is to continue the philosophy that is inherent in Kyokushin Karate, as brought to us by Sosai Masutatsu Oyama and Hanshi Steve Arneil, and in-turn pass that knowledge on to you. We are a new association run by world-renowned instructors and former fighters who do not wish to profit from our positions, but to give what we have and ensure there is a legacy that benefits all, and not the few.
- Congratulations to Ravinder Dhaliwal and Senpai Chris Da Costa for representing the BKG along with their coach Shihan Felix Ntumazah in a European championships in Spain last month. Ravinder gained 2nd Place, becoming Vice Champion! (pictures below). Both students have been training regularly at our BKG Synergy Fight training sessions each Saturday.
- If you would like a fight session to be held at your dojo on a Sunday please get in touch. Our BKG instructors will teach for free and any proceeds from the course can go to support the dojo! There are many tournaments on the horizon and we have the option of another KD event on the 16th & 17th December 2022 in Barcelona!
